

Develop low-fidelity paper prototypes for a banking app
and convert them into digital wireframes using Pencil
Project

AIM:

The aim is to develop low-fidelity paper prototypes for a banking app and convert them into digital wireframes with Pencil Project.

PROCEDURE:

Tool Link: <https://pencil.evolus.vn/>

Step 1: Create Low-Fidelity Paper Prototypes

1. Define the Purpose and Features:

- Identify the core features of the banking app (e.g., login, account balance, transfers, bill payments).

2. Sketch Basic Layouts:

- Use plain paper and pencils to sketch basic screens.
- Focus on primary elements like buttons, menus, and forms.

3. Iterate and Refine:

- Get feedback from users or stakeholders.
- Iterate on your sketches to improve clarity and functionality.

Step 2: Convert Paper Prototypes to Digital Wireframes Using Pencil Project

1. Install Pencil Project:

- Download and install Pencil Project from the official website.

2. Create a New Document:

- Open Pencil Project and create a new document.

3. Add Screens:

- Click on the "Add Page" button to create different screens (e.g., Login, Dashboard, Transfer).

4. Use Stencils and Shapes:

- Use the built-in stencils and shapes to create UI elements.
- Drag and drop elements like buttons, text fields, and icons onto your canvas.

5. Organize and Align:

- Arrange and align the elements to match your paper prototype.
- Ensure that the design is user-friendly and intuitive.

A wireframe for a 'Transfer Money' screen. It features a back arrow in the top left corner. The title 'Transfer Money' is centered at the top. Below the title, there are three input fields: 'To' with a dropdown menu labeled 'Select Beneficiary', 'Amount' with a text input labeled 'Enter Amount', and 'Remarks' with a text input labeled 'Enter Remarks (Optional)'. At the bottom, there is a large, grey, rounded rectangular button labeled 'TRANSFER'.

6. Link Screens:

- Use connectors to link different screens together.
- Create navigation flows to show how users will interact with app.

A wireframe for a 'Transaction Details' screen. It features a back arrow in the top left corner. The title 'Transaction Details' is centered at the top. Below the title, there is a circular icon containing a checkmark. Underneath the icon, the text 'Transfer Successful' is displayed, followed by the amount '₹ 5,000.00'. Below this, there is a table with transaction details:

To	Rahul Sharma
A/C No.	1234567890
IFSC Code	SBIN0001234
Date & Time	15 May 2024, 11:30 AM
Remarks	Rent Payment

At the bottom, there is a large, grey, rounded rectangular button labeled 'DONE'.

Result: The aim is to develop low-fidelity paper prototypes for a banking app and convert them into digital wireframes with Pencil Project was successfully created
